

SFDi SCHOOL OF FASHION DESIGN AND INNOVATION

About Us

Design your future with the School of Fashion Design and Innovation, located in the heart of Pune city. This Institute has been started by the veterans, skilled with decades of experience in fashion industry.

SFDI's objective is to help aspirants bring their dream careers to life by providing opportunities and exposing them to the fashion industry.

We focus on providing training that promotes employable skills through workshops, practicals, and internships with the industry's renowned designers.

SFDI is equipped with state of art infrastructure, a Garment construction lab, a Draftsman classroom and a computer lab.

SFDI has a vast network and experience that will connect students with the best future opportunities.

We offer diploma and short term certified courses, perfectly designed for students looking out to explore opportunities in the field of fashion and design.

Our master classes with accomplished designers will help you boost your connections as we intend to deliver workshops with the best companies and studios.
